Certifications: CompTIA Security+ (SYO-601) – March 2025, currently studying for ISC² CISSP (expected in early June)

RELATED EXPERIENCE

AmeriHealth Caritas

Cybersecurity Risk Management Intern

Newtown Square, PA

June 2025 – August 2025

- Analyzed Microsoft Teams, Zoom, Citrix session, and endpoint activity logs—including mouse and keyboard movement data—to identify potential misuse of the organization's account lockout bypass system
- Developed and refined custom log queries to streamline investigations and surface anomalous user behavior patterns within large data sets
- Authored detailed SOAR incident reports documenting suspicious activity, escalation actions, and remediation steps, strengthening the team's incident response workflow
- Designed Python programs to automate log compilation and generate behavioral metrics used to proactively flag potential insider threats and improve detection accuracy

University of Delaware

Teaching Assistant

Newark, DE

February 2025 – May 2025

- Led weekly lab sessions for over 10 students, assisting with Java programming assignments and guiding them through debugging and problem-solving strategies
- Held office hours to provide one-on-one support and clarify key concepts in object-oriented programming and algorithm design
- Graded labs, homework, and projects, offering detailed feedback to strengthen students' technical skills and understanding of course material

ADDITIONAL EXPERIENCE

Fine Wine & Good Spirits

Sales Associate

Warrington, PA

June 2024 – August 2024

- Assisted customers with product selection and maintained organized, well-stocked displays to ensure availability and satisfaction
- Supported seasonal sales and collaborated with team members to streamline department operations

Lowe's Home Improvement

Inside Lawn & Garden Associate

Warrington, PA

June 2023 – February 2024

- Provided attentive customer service and guided patrons through product selections while maintaining compliance with store policies
- Managed transactions, restocked merchandise, and maintained an organized sales floor during high-volume hours
